विषय/Sub :- System improvement for delivery of P-Way & Depot lot of scrap within working hours.

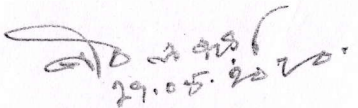

In one of the Vigilance investigation it is noticed that, delivery of sold scrap materials (Line lots and Depot lots) were continued till late hours i.e. much beyond the standard closing hours.

The delivery of scrap lots during delayed hours is violation of Para 8.2 of General Conditions of sales of scrap material through e-auction. As per Para 8.2 of General Conditions of sales of scrap material through e-auction "No delivery of goods or materials sold shall be given on Sunday, gazette holidays or other holidays declared by the Govt. of India, Ministry of railway. Delivery of goods or materials shall be affected by the Depot/Stock holder on working days and Saturdays, only within working days and Saturdays, only within working hours of the Depot/Stock holder office, on prior appointment with the Depot Officer/Stock holder. In order to complete delivery within the working hours, handing over of sold material/loading must cease one hours before the closing time of the Depot/office of the stock holder." ( Copy enclosed)

Hence it is advised that necessary directives may be issued to all concerned unit of N.F. Railway, who are dealing with the delivery of scrap to strictly follow the Para 8.2 of General Conditions of sales of scrap material through e-auction.

Action taken in this regard should be communicated to Vigilance.

Enclosed:- as above
